### ***Sabrina the Teenage Witch* (1995). PG.**

On her sixteenth birthday, Sabrina finds out she's a witch. But high school's not easy and she's tempted to use her newfound powers to improve her social status and win the attention of the most popular boy. Will she learn the value of true love? This pre-*Chilling Adventures of Sabrina* movie-turned-TV-show is a much lighter take on the *Archie* spin-off.

### ***I Kissed a Vampire* (2012). PG.**

Lucas is turning into a vampire and doesn't wish the same fate for his sweet and innocent girlfriend, Sara. On a mission to find a cure they become entangled with a dark rocker vampire who threatens to destroy their relationship. Will love win in this *Twilight* meets *High School Musical* parody?
